U.S. Environmental Protection Agency
Region 9

San Francisco, California 94105

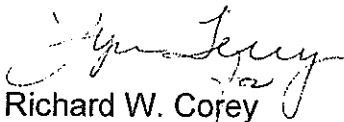

Dear Mr. Blumenfeld:

In response to the U.S. Environmental Protection Agency (U.S. EPA) initiative to take action on outstanding submittals of State Implementation Plan (SIP) revisions, we have worked closely with your staff and local air districts to prioritize items for U.S. EPA action and to identify submittals no longer appropriate for inclusion in the SIP. This process has been completed for the San Joaquin Valley Air Pollution Control District, and on March 6, 2014, the District formally requested that ARB withdraw a number of previous SIP submittals (see enclosed letter).

ARB is withdrawing the San Joaquin Valley SIP submittals on the enclosed list, dated March 18, 2014. This list includes everything in the District letter with the exception of District rule 2550, "Federally Mandated Preconstruction Review for Major Sources of Air Toxics," since our records show this rule was never submitted to U.S. EPA.

If you have any questions, please have your staff contact Mr. Kurt Karperos, Chief, Air Quality Planning and Science Division at (916) 322-5950, or via email at kkarpero@arb.ca.gov.

Sincerely,

Richard W. Cojey
Executive Officer
